To whom this may concern:

I am writing this letter with concerns about the FTC Proposal. I am a TSR and I need my job. Job's are very hard to find and this job keeps unemployment / welfare down. My family relys on this job for shelter, clothing and necessities. I feel we should have the right to make calls as long as we respect + honest when placing our calls. We need our jobs. I think its unfair politicians can place calls to campaign but on the other hand they want to discontinue our jobs.
