Sirs:

This letter is to make some comments on the "Made in USA Policy Comments #P894219.

Its hard for me to comprehend why the "Made in USA" rule has to be relaxed. Common sense dictates that this should be left alone for ① protection of American jobs ② If the imports are so good why do they need the protection of the Made in USA label. ③ Having served in World War II and Korea I feel I have the right to know where what I am buying is made.

We in America keep giving and giving and make it easier for other nations to ruin the manufacturing base. I ask you to please retain the rule as it has been for 50 years. Best Regards

Sincerely
Wayne Dunmire
