SECRETARY

To whom It may Concern:
I wish to comment on the
Made in USA policy.
I would prefer very strongly
that Made in the USA
be allowed only on all products
with at least 90% US content.
Shortly we'll wake up &
this will no longer be America.

Incidentally the newspaper article
printed locally by A.P. (Katherine Rizzo)
stated Mon 8/11 was the last
day we could make a comment & gave
a tel# 1-617-424-5960 a toll call for
one & all totally wrong & they were
annoyed all day. I am writing as
finally instructed & post mark should
be today. — please count this comment

Sincerely
Therese G Norcia
