Do whatever can be done to restrict or even eliminate telemarket calls. They are extremely annoying. Sometimes I get as many as 5 calls. Some are humans, other computers, others where no one is on the line and I just get a dial tone. I am a caregiver and many times these calls come when I am in the middle of attending the sick person.

DEAR SIR;

I WOULD LIKE TO VOICE MY OPINION ABOUT TELEMARKETERS. I DO NOT APPRECIAT OR WANT THE CALLS & AGREE WITH THE NATIONAL "DO NOT CAL REGISTRY"

THANK YOU.

Please remove my name from the telemarketing. They bother me at dinner and after I go to bed at night. I'm not able to run from one room to the other for the phone as I've a bad hip. Thanking you,
