Re: Business Opportunity Rule R511993

Dear Sir or Madam,

I am writing this letter in response to the proposed Business Opportunity Rule R511993.

From my understanding, the proposed form could prevent me from continuing my business as an associate with my company, and destory my small business.

I have been an independent contractor in this industry for over 30 years. I believe in my products, we have helped 100's of people, I believe in the concept of Network Marketing as a way to earn my living. Please don't destroy my small business. We need it!!!

Some of the sections in the proposed rule would make it hard or almost impossible for me to sell my products.

The waiting period will give the public the idea that something is wrong with me or my product and reflect badly on me. I believe the seven day waiting period is unnecessary because

we already have a 90% buyback policy for all the products in place with each salesperson.

The seven day waiting period to enroll a new associate is the most difficult section of the proposed rule. Under this waiting period... to much red tape... I'm a small home business and this will burnen and destroy my business... this proposed rule is bad for business.

The proposed rule requires a minimum of 10 prior purchasers near the perpective purchaser as references... this is flat out crazy... in this day of ID theft... I am very uncomfortable giving out personal information to strangers. Women in my organization may be subject to sexual and racial harassment, so this part can't be part of it at all!!!

I have seen many bad deals on the internet and approched by many. This rule will do nothing to stop the "bad guys". They violate the current rule all the time.

But I am a good American citizen and this rule will hurt my business.

Thank you and please help me.

Sincerely
