Please do not close the Quality Market in Lockport, N.Y.

I, we need the competition,

It is my bank, post office, grocery store, pharmacy & corner store.

I have been shopping at Quality when it was Bells Market in the 1960's.

I know every one there & they are all good & hard working people that need their job. They are all older people who would have a difficult time finding jobs. Most of the workers have longevity.

Please keep Quality Market open.

Thank You

P.S. I & my husband are 78 yrs old it is 10 minutes from our home.
