SECRETARY

Federal Trade Commission
Office of the Secretary
600 Pennsylvania Avenue, N.W.
Washington, DC 20580

Dear Secretary:
I am writing to you to let you know that I am not in favor of your decision to force Tops to sell the Quality Markets on Rochester Road in Lockport, New York. I don't know what you are thinking because if this store was sold it would probably be it would close and this store needs to remain open. If you want Tops to sell it then it probably wouldn't even be a Tops store and so why don't you tell Tops some grocery store names that might be able to go in the store on Rochester Road in Lockport, New York but you aren't even suppose to make Tops sell this store as it needs to be still open as a grocery store and I know of people that lives in the area of the Quality Markets that shops at this store. You are saying that there is a Tops store within 5 miles and one that is within 4 miles of the store on Rochester Road but don't you realize that if you make it that people have to go to one of these stores they have to use more gas to go to one of these stores and some people are on fixed incomes and to make people go farther to shop that lives in the area of the Quality Markets this is terrible for you to make people have to go further if Quality Markets was sold and you don't let ~~me~~ it be a Tops store. I want [illegible] please rethink your decision to

as this store still needs to be open for a grocery store as this is the store where I shop and a person takes me to the store and she isn't really too far from me and from the store on Rochester Road and after she gets me to the store she goes back home and we set a time for her to come back and get me as it takes me quite a while to shop. It takes me quite a while to shop as I go once each month and I put down on paper what prices I am suppose to pay for the items and what the items are and I put down on paper coupons I have to use for the items and I put the price of what the coupon is for example like if it is $1.00 for 2 packages of a Kellogg's cereal so that I know when I look at the cash register receipt if every thing is correct or if every thing isn't correct. I go to the grocery store once each month as I am on a fixed income and so it is better this way and then needing a ride too it is better for the person to have to take me once each month and so I want you to please let Tops still have Quality Markets as a Tops store because the one that takes me to the grocery store and I have been saying to each other that if the store on Rochester Road we couldn't go to because it is closed and she has to take me to the grocery store on the transit in Lockport and then go back home and then come back to get me it would be a lot more traveling for her and so we are dreading this and to sit in the store the time I have to take it would be too much to sit the time out and so I ask you please don't make Tops sell the Quality Markets on Rochester Road in Lockport, New York because if it was sold then it would probably be closed and I can't afford to have it closed because this is the store where I shop and it would be too hard to have to go a longer distance to get groceries and not only for me but for others who live in the area and shop at Quality Markets. I would like to please hear from you about this matter from this
