In regards to the application re: Trader Joe's East, Inc. to purchase the former Wild Oats building on 87 Marginal Way, Portland, ME, I strongly suggest the approval of such action. This city needs and desires a Trader Joe's to give the Portland, ME citizens more food choices and healthy, affordable selections. Plus the added bonus of opening up jobs in this city. Personally I sorely miss all the selections Trader Joe's has to offer (formerly lived in MA). I see only a win/win with this purchase. Thank You
