YES!

Let's put into effect our "VOLUNTARY GUIDELINES" to limit unhealthy fats, sodium, and added sugars in foods advertised to children under 18.

And "yes." These foods should indeed include some fruit, vegetables, and other health-ful ingredients.

C'mon folks — let's advertise HEALTHY STUFF to our future leaders, instead of artery-clogging, fattening, artificially colored/flavored "FOOD." And "yes" — the quotation marks around the word "FOOD" implies exactly what you're thinking it implies.

Michelle Obama got it RIGHT with her new FOOD PYRAMID replacement for sure.

Thanks!
