NEW DISCOVERY!

The first unique natural precursor that will activate YOUR OWN healing stem cells!

THE RESEARCH IS OVERWHELMING!

Stem Cell Therapy has more life generating effect on you than any Anti-Oxidant regimen you will ever take. Period.

After the age of 32, your stem cells decline in number!

Your health is in **CONSTANT DANGER**

Stem cells have the ability to restore and repair damaged organs and tissue. Doctors are discovering that they are a universal remedy to all illnesses (they are programmed to naturally regenerate cells and entire organs), they assure the constant reproduction of your cells and in the case of trauma, they heal and reconstitute injured tissue.

After 32, due to environmental factors and the genetic disposition of each person – the reproduction of healthy stem cells becomes much slower and increasingly less effective with age.

Because of this, the decrease in the creation and use of stem cells in our bodies follows a familiar path – mild illnesses, like colds, flu, and angina become more frequent, your skin begins to rapidly age, rheumatism, loss of mobility, shortness of breath, migraines. Then more serious health problems begin to occur such as hypertension, high cholesterol, weight gain... followed by life threatening illnesses like heart complications, circulatory problems, pain... then degenerative diseases can finally settle in... such as cancers, stroke, heart disease, etc.

Yet, the very foundation of the adult stem cell stays intact. **These cells actually exist dormant in your bone marrow and have UNLIMITED POWER.** That is to say, they have the capacity to repair any tissue or organ in the body. Once released, they will mutate into the tissue or organ cell it is repairing and regenerate that tissue or organ. The key to better health is the stimulation and production of your own stem cells.

In Europe – this #1 NATURAL HEALTH TREATMENT– is registered with the Ministry of Public Health (MoPH). BioStem has been certified for its purity and major importance on public health.

MEDICAL BREAKTHROUGH

A universal treatment from an organism as old as the earth?

AFA, Aphanizomenon Flos Aquae contains all the nutrients that are indispensable to life. It contains OVER 115 micro-nutrients; it reacts as a catalyst in all activities of the human body. It is resistant to microbes, viruses, bacteria and pollution and can even resist radiation!

complete and well balanced plant on the planet AFA is THE source of health of the 21st Century.

True Miracle of Science!

AFA, Aphanizomenon Flos Aquae accelerates the release of stem cells and increases the number of stem cells circulating in your body: **Guaranteed Health.**

This is Powerful

If this cannot turn back the clock for you then probably nothing will.

YOU MUST TRY BioStem.

A universal treatment from an organism as old as the earth?

THE MIRACLE WATERS OF KLAMATH LAKE... GARDEN OF HEALING BLUE GREEN ALGAE

In the State of Oregon located in the crucible of the Cascade Mountains at an altitude of 4,600 feet, Klamath Lake has served as a "nutrient trap" for a rich supply of minerals, volcanic silt, natural nitrogen, and fresh pure water and sunlight. This natural process of slowly depositing minerals and nutrients allows the lake to maintain a richly alkaline pH level. Millions of years old, it is naturally protected from any pollution and it is as pristine as it was back in the day of the ice ages.

Nature carefully designed the ONLY environment on earth where a therapeutically unique strain of Aphanizomenon Flos-Aquae, AFA, has had the perfect opportunity to flourish to its full potential.

The first embodiment of life on the planet, this unicellular organisms, Aphanizomenon Flos-Aquae, has at last found its clinical application as a source of regenerative powers.

THE BALD HEADED EAGLE SAVED FROM EXTINCTION WITH THE HELP OF AFA ALGAE

Bald Headed Eagles became endangered mainly due to the effects of pollution and widespread use of DDT. The DDT made its way into their system and the effect was their eggs had extremely thin and weak shells. The eggshells were so weak that they would break before the chick was fully developed and it would die. Over time, birth rates plummeted as few chicks survived. Through pure survival instinct, some

settled by the shores of Klamath Lake during mating season. Fond of fish, they ate from the abundance of the lake... regaining their strength and vitality. Bald Headed Eagles have since rebounded and were removed from the list of endangered species. They made the rivers of Klamath Lake a preferred migratory site.

Nature takes on the burden of proof to praise the curative benefits of AFA. The health benefits of AFA have been

reported for more than two decades, however, it is only recently that a large number of Medical and Scientific Studies in the USA confirm the findings.

BioStem

WOW!

THE FIRST LIQUID BIOCAP TECHNOLOGY CAPSULE IN THE WORLD THAT CAN STOP YOUR SICKNESS

"In just 2 hours, BioStem will generate a whopping 35 percent increase in your own bodies stem cells. You can be free of pain and you can enjoy ironclad health!"

Richard M. Cohen, M.D.
Scientific Director
BioTherapy Research Laboratory

To increase the potency of the active nutrients in **BioStem Capsules**, our laboratory used an exclusive procedure. **BioCaps Technology**. The precious micro-organism *Aphanizomenon Flos Aquae*, certifiably from Klamath Lake has been harvested under the strictest of standards to receive our Premium Quality label.

In order to preserve all of **BioStem's** medicinal properties, it has been encapsulated in a marine solution 18/12EPA/DHA that gives it a 95% bio-availability!

BIOSTEM CAPSULES ARE THE FIRST OF ITS KIND THAT MAY STOP SICKNESS.

+35%! THAT IS THE INCREASE IN STEM CELLS AFTER **BioStem CAPSULES!**

In only 2 hours, **BioStem Capsules** launch an increase of over 35% in stem cell circulation in your body.

WITHOUT SIDE EFFECTS, your bone marrow will never become depleted with the presence of millions and millions of stem cells.

WITHOUT COUNTER INDICATION, **BioStem Capsules** through the release of an additional 3 million stem cells will attack the root of your illness and can eradicate the causes and effects. **Never has any medication reached this degree of perfection - only nature could have done this.**

BioStem Capsules contain *Aphanizomenon Flos Aquae*, an ancient, unicellular, micro-organism that is not cultivable, nor chemically reproducible. It is absolutely not genetically modifiable. Without knowing its exact uses, scientists are convinced that it is its natural composition, with over 115 micro-elements, that allows it to be active towards stem cells found in bone marrow.

WITHOUT ANY RISK OF REJECTION (contrary to embryonic stem cells) as they come from your own body with your personal DNA, clinical applications find their uses in acute pathologies. Chemoprotectors accentuate the treatment through accelerated recovery.

THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FDA. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

BioStem Capsules, the discovery of the 21st Century.

The power behind BioStem lies, according to experts, in the **mechanism of action of over 115 micro-nutrients that make of the composition of AFA**. Its original, galenic form (AFA is encapsulated in a compound marine solution 18/12 EPA/DHA) can preserve its active substance intact, to be 100% effective and 95% absorbable by the body.

Scientists are discovering more uses for this revolutionary micro-nutrient as the research continues to go on!

WITHIN HOURS, THE STIMULATION OF CELLS ALLOWS A STRONG REACTION UPON:

- **The immune system** by preparing your body to quickly respond in case of viral infection, or the development of a tumor.
- **Inflammation** due to the repression of COX-2 enzymes involved in the inflammatory process, particularly during arthritis, rheumatism but also asthma...
- **The nervous system** due to a concentration of PEA (phenylethylamine) an endogenous component of the brain that stimulates the release of hormones that promote feelings of well being, increasing concentration and reversing chronic depression...
- **Chemical pollution, pesticides, heavy metal levels** in the body, organs, including the brain, while other products (chlorella, spirulina...) only act on an intestinal level.
- **Nicotine addiction, alcoholism, drug addiction** through the phenomenon of regulating emotions and through a chemical reaction with drugs and alcohol that leads to cessation.

EXCERPT FROM MEDICAL FILES

SKIN REJUVENATION STUDY

A skin sample was placed in a Petri dish with an extract of filtered, dehydrated and crushed AFA combined with a lipid-based liquid. Within a few

hours the process of cell reproduction was triggered. In just a few days a skin fragment began to form. **After analysis, it was revealed that the sample could have been used as a skin graft for the donor.**

BIOSTEM TRIGGERS THE RELEASE OF STEM CELLS . . .

- A** The wound is from a saw; the top of the finger is shredded.
- B** The miracle of stem cells triggered by AFA. The wound is on its way to healing in only 30 days. Even the nail is growing back!

Your organs REGENERATE & REJUVENATE!

It is scientifically established that AFA, Aphanizomenon Flos Aquae is the most revitalizing nutrient that is capable of restoring the immune system even in cases of increased disease. It is only following the findings of exceptional improvements or the disappearance of illnesses that the scientific community became interested in publishing the potential of AFA in:

- The activation and release of stem cells in bone marrow.
- The increase in the migration of regenerated new cells towards damaged tissue (see pictures at above)

A number of hospitals and clinics around the world trust the use of BioStem against degenerative illnesses, acute physical injury or disease.

It is said to be the new health treatment of the 21st Century.

But the most impressive and revolutionary results are regarding Stem Cells and Tissue Regeneration.

Photo shows wound that has been traditionally bandaged. As you can see, the wound has not healed after 2 months. With **BioStem Capsules**, the wound has been closed and the skin has closed completely around it after only 10 days.

Apart from a regular disinfectant, nothing else was used to treat the injury. The patient's stem cells concentrated themselves on this area of the body through the stimulating effects of **BioStem Capsules**. The killer cells stimulated by **BioStem Capsules** eradicated the infection and the epidermal cells multiplied and healed the wound.

CHAHASTA NATIVES:

THE INDIGENOUS PEOPLE WHO LIVED ON THE RIVERS OF KLAMATH LAKE SINCE 800 B.C.

We find in the writings of Spanish missionaries, during the conquest of Americas, how native inhabitants near modern Klamath Lake collected blue-green algae floating on the surface of the Lake to dry into small 'pancakes'. Despite a rough and Spartan life, these Natives had survived for centuries and had succeeded in overcoming illness and viruses without becoming weakened. **Their secret? The blue-green algae of Klamath Lake**, which was the main source of food. Typhoid, Cholera, and Smallpox wreaked havoc over the centuries. Thanks to AFA these Natives never became infected despite contact with outsiders.

Today, their ancestors still live by the shores of the lake eating blue-green 'pancakes', which is the basis of their food and source of their good health. A study published by UNESCO reported a higher level of health among inhabitants who consumed these blue-green pancakes.

IT HAS BEEN DEMONSTRATED THAT THE AFA IN BIOSTEM CAPSULES MAY STOP . . .

BioStem Capsules: The #1 Adult Stem Cell Developer!

BioStem Capsules are absolutely **without any side effects or contra-indications**. Scientific studies have shown that only Premium Quality Aphanizomenon Flos Aquae, harvested from Klamath Lake exclusively possess properties specific to stem cells:

- 1- Stimulates the release of stem cells from your own bone marrow with an increase in production of **25% to 30%** (that is approximately 3 million additional stem cells),
- 2- Stimulates the shifting of your stem cells towards damaged tissue for a faster and more active healing.

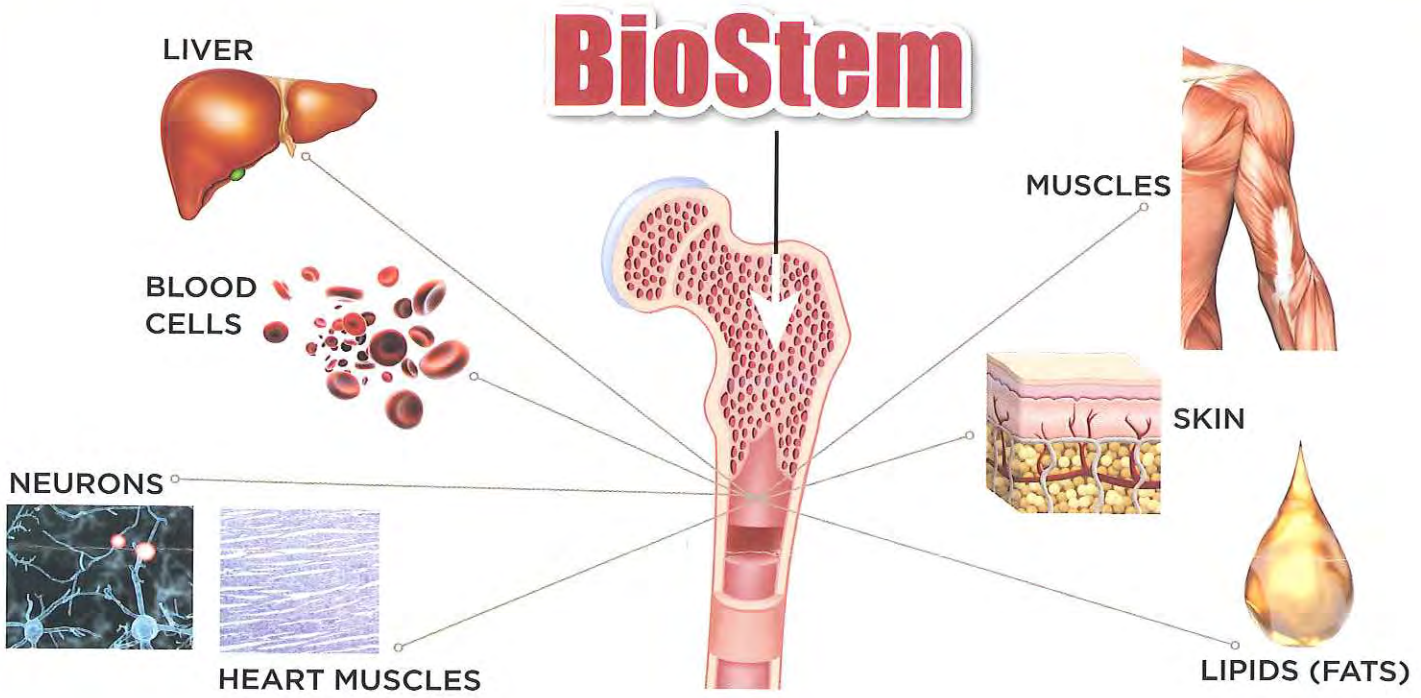

(It reacts to the number of stem cells in circulation and their speed of action!)

With billions and billions of stem cells in your bone marrow, there is no risk that you'll run out of stored cells. Throughout your life your bone marrow produces stem cells to renew red blood cells and lymphocytes (immune cells). **Through a biogenetic process, they indiscriminately transform into heart cells, liver cells, muscular, brain, neurological, and Glial (cells that react with the chemical, environmental and electrical environment of neurons).** Doctors speak of the spectacular "miracle" of stem cells to transform themselves to help your body rejuvenate and self-regenerate!

LETTERS OF PRAISE FROM PEOPLE LIKE YOU WHO HAVE TRIED BIOSTEM CAPSULES.

“All-Natural Stem Cell Therapy Works Miracles!”

“This is a miracle product! I spent two years recovering from a serious illness. After two brain operations, weeks in the hospital and months of intravenous antibiotics, my body was wracked. My muscles were wasted, their mass drastically reduced and in need of rebuilding. Six months ago I started taking **BioStem**. Well, it surpassed my expectations. The results have been excellent. Within two weeks my energy and stamina had increased. Two months later my body was finally developing muscle and strength.

My health improves every day... **BioStem** is the real thing, it has helped me enormously and I highly recommend it.”
- Mary M. (Larchmont)

My Patients Are Seeing Amazing Results!

I have no less than *five patients* who use **BioStem** on a regular basis and I am completely amazed with their results. I now tell ALL of my patients to take **BioStem** every single day. I even called and ordered a six-month supply just for myself! - Dr. B. Cohen (Vancouver, BC)

“Black Spots from Age-Related Macular Degenerative Disease Shrunk”

“Got Off Anti-Depressants and Dropped Over 40 Pounds!”

“I was taking a cocktail of anti-depressants... most days, I could not function from the side effects. As a result of these anti-depressants, I went from a size 8 to a size 18 in six months. I tried for 2 years to get the weight off. Nothing happened. After just a few days of taking **BioStem**, my mood just lifted... Two weeks later, I had dropped 12 pounds, with a total of 40 pounds in 3 months. I haven’t been on any medication for depression since.”

- Carla T. (Austin)

“Shrunk My Prostate and Increased My Sexual Vigor!”

“I am 82 years old this year and my doctor told me I had the prostate of a man in his 30’s! The only change I have made was to add **BioStem**! I feel great and I’m a little bit embarrassed to tell you this but I now have more erections in the morning... who would have thought! I’m not complaining... and neither is my wife!” - Julius S. (Detroit)

“Improved My Heart Function Significantly”

“I had two heart attacks and two triple bypass operations. My heart had become steadily weaker over the years. I started taking **BioStem** as a part of my wellness therapy and within a matter of months; I was able to do things I could only dream of doing before, such as walking up and down stairs or even playing golf. I feel 100 times better. It could have only been your treatment that reacted... I haven’t changed or added anything else since starting **BioStem**. **BioStem** may have given me years I never thought I would have. Thank you” - Gary A (Oxnard)

Prof. Geoffrey Cambridge
Microbiologist, Queens College

For 18 years Professor Geoffrey Cambridge has been prescribing AFA for his patients in his private practice shares the following...

"...As a Microbiologist, I was well aware of stem cells. In 1994, I had the honor of meeting Professor Rick Cohen who touted the benefits of BioStem Capsules. Of course, back then they were only available in pill form. The results were up to par with the scientific test conclusions.

In 18 years, I have seen it work within patients and people with various Neurological Disorders... The ingredients in BioStem has helped regenerate eyes, muscle junction, livers, arteries, hearts, lungs ...and has even helped with acute depression."

WITHOUT ANY SIDE EFFECTS OR CONTRA-INDICATION

The reason is very simple. AFA is a stimulant, a promoter that facilitates the production and circulation of your own stem cells. **Why would your body want to suddenly reject your own cells?**

In 2010, Professor Cohen presented me with **BioStem BioCap** Technology, even more complete than gels or pills. The results that I used to get in only 28 days, which is unheard of, are now seen in half that time with **BioStem Capsules**.

As a doctor, I highly recommend that you give **BioStem Capsules** a try. In less than one week you will feel a change, you'll feel younger, with more energy...After a short time, your health problems will become a thing of the past. Your doctor will not believe the changes, guaranteed!
