

**Concurring Statement of Commissioner Christine S. Wilson**  
**Amazon.com, Inc.**  
No. 1923128

March 28, 2023

On March 28, 2023, before I departed from the FTC, the Commission voted to refer a complaint to the Department of Justice against Amazon.com, Inc., Amazon Digital Services LLC, and A2Z Development Center, Inc. The proposed complaint alleges that Amazon, as part of its Alexa voice assistant services, violated Section 5 of the FTC Act, the Children’s Online Privacy Protection Act (“COPPA”), and the COPPA Rule. My support for the complaint recommendation is premised primarily on the alleged COPPA violations.
