Natural Head Lice Treatment Products - Non Toxic Organic Head Lice Remedies

[Tweet](#)

Parents: You Can Easily Rid Lice From Your Child With a Non Toxic, Organic, Poison Free Remedy That Will Kill Head Lice, Nymphs and Eggs and Dissolve Nit Glue on Contact.

There is absolutely no need to panic, head lice are common in school age kids, every year school districts around the country report that 1 out of every 10 students has to deal with a head lice incident. Any school nurse will tell you that 3-12 year old students are famous for close contact and can spread these ectoparasites to others in the class room or the rest of your household.

Many smart moms soon discover that the commonly available treatments containing lindane or pyrethrin are far more dangerous to their children than the head lice outbreak. These neuro-toxic pesticides applied directly to the scalp of your child will attack their developing brain and nervous system and need to be avoided, period! Parents need to be enlightened to the nasty consequences of these neuro-toxic pesticide treatments, they can cause significant side effects in young kids, the elderly, or anyone that weighs less than 100 lbs, especially when these treatments are used repeatedly in a short period of time.

Stockholm Convention Says No to Lindane, commonly used as a [Head lice remedy](#), click here to read article. http://news.xinhuanet.com/english/2009-05/10/content_11345295.htm

The EPA has banned Lindane for animal use yet it's still ok for our children? http://www.naturalnews.com/021745_lindane_shampoo_EPA.html

Parents need to know about the grave dangers of using Lindane. http://www.kidsource.com/kidsource/content/news/FDA_lice_treatment.html

Dealing with [Lice Hair](#).

Having a case of lice hair is not the end of the world, nor does it mean your child has poor hygiene; fact is head lice actually prefer a squeaky clean head. However having a bout with head lice can seriously interrupt your child's education and can be a big annoyance in terms of itching and loss of sleep, but head lice are not known to transmit infectious agents from person-to-person. In some cases the saliva and feces from head lice on more sensitive victims can exacerbate the irritation and increase the chance of a secondary infection from excessive scratching.

CedarCide.com's Non Toxic Organic Head Lice Remedy is Extremely Fast and Effective.

Best Yet has quickly outdistanced other natural head lice remedies. Parents and schools often remark about how powerful Best Yet head lice treatment product is in killing lice and lice eggs. Natural yes, free of dangerous chemicals, certainly, yet unlike other purported head lice remedies, such as mayonnaise or olive oil that contain no insecticidal agents, Best Yet's all natural head lice treatment product is indeed a pesticide, albeit a completely safe for human use organic pesticide, that will rid lice from your life by attacking the breathing system of lice and dissolving nit glue on contact.

Best Yet Natural Head Lice Treatment-

Our methodology is drastically different and immensely safer than attacking the nervous systems in lice, as lindane or pyrethrin are designed to do; after all we humans have nervous systems too. Let's be crystal clear, Best Yet head lice treatment is deadly, to lice, nymphs and lice eggs, yet has zero effect on the human nervous system. Best Yet organic head lice remedy is perfect for parents that want something with real power, without the grave side effects. Let's face it if you've got a case of lice hair at your place, you want them dead and gone, and fast.

Formulated from fractionated Red Texas Cedar Oil and Hydrated Silica (Melted quartz rock) Contact with this dynamic solution will kill the louse instantly. Immediate absorption of BEST YET's natural head lice treatment product solution by the hair will dissolve the louse nit glue from the inside of the hair structure resulting in

a rapid release and demise of the nit.

Kill Lice Without Burning Children's Scalp.

BEST YET's non toxic organic head lice remedy will not burn the scalp or damage the hair such as that experienced with chemical or other natural products. The hydrated silica used in the formulation will stimulate the hair condition and leave a attractive luster. Our natural head lice treatment will leave a pleasant cedar aroma. **Safe for children and adults of all ages!** Packaged in a 32 Ounce FULL QUART spray bottle, enough solution to treat several children or the largest head of hair. Use the remaining fluid to treat your sleeping areas or other places the louse may be residing.

Purchase a Quart of Best Yet Head Lice Eradication Solution With UPS NEXT DAY AM DELIVERY to Any USA Destination for \$89.95, PHONE IN ORDERS ONLY, MONDAY-FRIDAY ONLY. Phone in Orders Must Be Received By 5PM to ensure AM arrival.

Directions For Use:

Liberal spray and soak hair with BEST YET natural head lice treatment. Place a non porous shower or swim cap on lice head victim for an hour. Overnight or longer periods of time will enhance results. Remove cap and shampoo hair. Additional spray treatment with BEST YET for several days will stimulate and enhance the hair condition and eliminate any lice reoccurrence. Avoid contact with eyes.

Area Treatment:

Hot water wash all bedding, clothing and personal effects of lice head victim. Spray mattress, box springs, head board and other areas that were exposed to lice. If you are dealing with a large infected area consider the BEST YET KIT # 4000 (as shown above) which includes area sprayers designed to provide a complete and even distribution of the solution to all surfaces.

Attention school districts nationwide, please call 281-288-2978 (Mon-Fri 8AM-6PM CST) for a FREE 4 OZ. sample Spritzer of BEST YET Head Lice Eradication Fluid. Please ask for Carrie, Dustin, Ryan, Suzy or Deborah.
