- 1) Choose the preferred location for placing the patch (it can be placed on either side of the body):
 - Upper outside area of arm, just below shoulder on muscle;
 - Inner arm, 1 to 2 inches away from the shoulder;
 - On base of neck and shoulder area (not on the spine).

- 2) Before applying the patch, completely clean and dry the area of application. The best time to apply the patch is immediately after showering.

- 3) Carefully peel off the patch from its backing. Be careful not to touch the adhesive side of the patch. Press the adhesive side to the clean application area. Hold for 20-30 seconds.

One patch is good for THREE days. For best results, alternate application area with each new patch.

Order
online NOW!**

- Before you begin using the Pounds Off! Patch™ or any other weight loss program, consult your physician.
- Anyone in good health can use the Pounds Off! Patch™. DO NOT use the Pounds Off! Patch™ if: you are pregnant, lactating, suffering from diabetes or hypoglycemia, or if you have serious heart or thyroid problems, or if you are allergic to glucose.
- We recommend people who are allergic to the adhesives in skin products such as band-aids to test the Pounds Off! Patch™ for a few hours and remove it to check for any skin irritations before using the product on a regular basis.
- Do not apply the patch to open wounds, cuts, rashes or other skin injuries. Do not place on eyes, lips or other sensitive areas of the skin.
- The Pounds Off! Patch™ is not recommended for use on children under the age of 18.

The Pounds Off! Patch™ should not cause adverse side effects. However, if you experience ANY negative side effect, stop using the Pounds Off! Patch™ immediately, and consult a physician.

online NOW!

What is the active ingredient? How does it work?

The active ingredient in the Pounds Off! Patch™ is a natural marine algae called Fucus Vesiculosus. As it moves into your system, it regulates hormones that may help to burn fat more quickly. Most people feel a boost in energy and a decrease in appetite.

Are there any side effects?

"If your skin is sensitive to band-aids, you may have the same sensitivity to the adhesive of the Pounds Off! Patch™. Other than that, you should have no adverse side effects. However, if you have a negative side effect, please stop using the Pounds Off! Patch™ immediately and consult a physician."

Can anyone use the Pounds Off! Patch™?

Anyone in good health can use the Pounds Off! Patch™. DO NOT use the Pounds Off! Patch™ if: you are pregnant, lactating, suffering from diabetes or hypoglycemia, or if you have serious heart or thyroid problems, or if you are allergic to glucose.

How long does one patch last?

One Pounds Off! Patch™ lasts three days. You can shower with it but just avoid scrubbing the patch and it will last three days.

Can I use the Pounds Off! Patch™ if I am taking any medications?

If you're on any prescription medications, don't start the Pounds Off! Patch™ or any other weight loss program without consulting your doctor.

How much weight can I lose using the Pounds Off! Patch™?

If you use the Pounds Off! Patch™ as a consistent part of a healthy weight loss program that includes eating reasonably and exercising regularly, you can use as much weight as you want! The Pounds Off! Patch™ will help you get there quickly!

Can I use the Pounds Off! Patch™ if I am pregnant or nursing?

The Pounds Off! Patch™ is NOT recommended for pregnant or nursing women. Please see "Safety Tips."

Can children use the Pounds Off! Patch™?

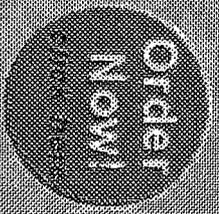

The Pounds Off! Patch™ is not recommended for children under 18 years of age.
