32 years on IBO

Goal was to achieve free time for family &
enjoyment and to help others

Quixtar has been a blessing to us for many
years - money is only one of them

To finally, really enjoy life
Freedom of debt

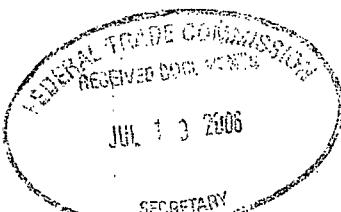

Time to spend with family, do things
wife ~~was~~ of 51 years

Time to spend with grandchildren -
watch them grow & learn to fly fish,
gardens, to be creative & to think
for themselves

April 1974 registered - plenty of information
about this. As a matter of fact, sponsors would
not allow us to register until we talked
with prospects to see if it would work
for us.

We do the same with people we sponsor
we want them to join only when they are
satisfied that they've made the right choice

We tell prospects immediately that this is
not a "get rich quick" plan - that they must
understand delayed gratification & that they will
work hard to achieve their dreams.
We also tell them that the only guarantee
is that we will do everything we can
to help them. This is repeated at different times

Prospects, today, typically spend about \$72.00 to register with OneNet. They are encouraged to attend meetings & to invest in business support materials but are told firmly, that these are not required.

If they decide to leave the business, we try to be more than fair in making certain registration fees and other expenses are returned to them whenever possible and reasonable. We are completely open about all aspects of the business.

We have worked hard, continuously for 3½ years in building our IBO business.

We have spent many hours, driven many miles, gone without many things so that we could have money & time to invest in our business. The only way we succeed is by first helping others succeed. So, our goal always is to help others achieve their dreams.

We have studied the business carefully and dedicated our lives to this end — helping other people become healthy & financially secure so they can spend more time with their families & "bring mom home" from her job so she can be a full time mother.

The proposed requirements of a 7 day waiting period, to provide references, to provide litigation list, for specific earnings disclosures, for financial substantiation would all be detrimental for our business and would not benefit anyone.
