**Subject:** Concerning ConocoPhillips Merger

To whom it may concern:

I am writing this letter in concern of the ConocoPhillips merger. My name is Marcial J. Artz, I am currently employed at the Phillips WoodsCross Refinery in Utah. I have been employed there for over 8 years. I have great feelings about this Merger between Conoco and Phillips. One of my biggest fears is concerning a benefit in the Phillips benefit Package. This benefit is called the "Workforce Stabilization Package."

Last year, Phillips has decided to not let everyone receive this Benefit if you left the company due to a sale of assets involving a Merger. As a member of a Union at the refinery We are all EXCLUDED from this benefit. I feel that this should be looked at by the FTC and members of our Government.

The members of the Union at the WoodsCross Refinery feel very DISGRUNTLED by the actions of Phillips. Some of the Employees have felt cheated by these action of phillips. Some employees have given over 25 years of dedicated service to Phillips and in return are getting NOTHING in return of their service.

Have we as America not learned about CORPORATE GREED?

How far are going to let issues like this go on for?

Large Corporations are getting rich by not paying it's employees something for dedicating their lives for their profit.

I am very concerned for the employees at the WoodsCross Refinery. They have been CHEATED.

When Holly Corp. takes over the WoodsCross Refinery, are they going to have to handle the situation that Phillips left it's Employees?

There are around 80 Union employees at the refinery, which are not receiving a PENNY for the hard work that they gave Phillips. And now, Holly Corp. is going to have to handle the DISGRUNTLED employees as Phillips leaves with Corporate greed.

Thank you for taking your time in reading this letter. I hope you and everyone at the FTC are concerned about us employees at the WoodsCross Refinery.

Please take time to think if you were in our shoes, what would you want from your Employer of 10 to 25 years? NOTHING?
