

I have enough problems now as it is not being able to see. I rely on my contacts. It's difficult sometimes to get them in your eyes to even start seeing for the day.... it's difficult sometimes if one pops out of your eye by accident.... it's difficult when your eyes get dried out.... it's a pain to take them out of your eye every single day.... AND YOU WANT TO MAKE IT TOUGHER FOR ME TO SEE? Please!!!!!! As a contact lens wearer, I deserve the same rights as for any eyeglass purchaser or wearer!
