I would like to voice my opinion on the proposed contact lens ruling that would require a wait of an extended time period before getting contacts from mail order. I think there is nothing wrong with the way things are presently. It seems that eye drs. are wanting to sell more contacts at higher prices to people who get their eyes examined. I have been using mail order for contacts for 10 years or longer and this has been very effecient and economical.

I AM AGAINST ANY CHANGES. PLEASE DON'T MAKE ANY. THANK YOU
