Subject: Fairness to Contact Lens Consumers Act of 2003

I want the Commission to know we support the new Contact Lens Law. Do not listen to the voices of those who want to limit our rights. Do not let doctor's lobbyists limit our rights to purchase contacts . We pay the doctor for our exam and contact prescription. It should be easy and convenient as possible for us to purchase our lenses from whomever we choose.

I was recently held hostage by Lenscrafter/Eye Exam when they would not give me a copy of my daughters prescription, which we paid for. They told us it was the doctor's discretion. We were very frustrated. Finally, after having two other eye care centers call for the prescription, we finally received the prescription.

Keep the Fairness to Contact Lens Consumers Act of 2003 intact.

An e-mail from you means a lot. They want to hear from you. Your comments will be an important part of the public record that determines your rights as a contact lens consumer. Tell them why it is important to you that it be as easy and convenient as possible for you to purchase your lenses from whomever you choose. Relate your personal experiences in attempting to obtain a copy of your prescription from your eye doctor.

E-mail, or write the Federal Trade Commission.
