Subject: Contact Lense Rights!

I want to keep my rights for buying contact lenses! I don't want some doctor to tell me what or even where I can buy them at! As a US Citizen I need to be able to shop for my best price as well as the most convenient way for me to shop! I don't think any doctor or law should regulate how often I get my eyes examined or renew my prescription, I'm an adult and I know when I can see, and I know there are better places to buy things at cheaper prices!

DON'T LIMIT WHERE OR WHEN OR HOW I CAN PURCHASE MY CONTACTS!!
