Dear Ma'am/Sir,

I would like to say that I would like to have the say in where I purchase my contact lenses. In the past, purchasing contacts from the doctor's office was way too expensive. However, once I started ordering my lenses from 1-800 Contacts, I got twice as many lenses for the same price. Please keep the Act going. It's definitely a personal decision to purchase contacts or eye glasses from wherever you like; just like it's a personal decision to choose which eye doctor you want. Thanks for taking the time to hear my opinion in this matter. Have a Great Day!

Sincerely,  
Cassandra
