Subject: Contact Lens Rule, Project No. 411002,

To Whom it May Concern:

I support the law that requires eye dr.s to provide a copy of a patient's prescription to the patient. I've been wearing contact lenses for 25 years. I've had my eyes examined every year for 20 years and I think I know when I need a new prescription. I'm a responsible adult and have never hesitated to take care of myself. However, because of the eye doctors who lobbied to require an eye exam every year, I have to pay at least \$70 every year to find out my prescription hasn't changed. Now those greedy doctors what to require me to buy lenses from them when I may be able to find them cheaper elsewhere????? That's outrageous!!!! Please do the right thing and uphold the Fairness to Contact Lens Consumers Act of 2003.

Thank you,

Julie M. Carroll, Esq.
