**Subject:** Fairness to Contact Lens Consumers Act

Just a quick vote of continuing support for the Fairness to Contact Lens Consumers Act. I greatly appreciate the ability it gives me to purchase my contact lenses from a provider of my own choosing. My most recent experiences with buying contacts from my eye doctor proved to be more expensive, and it took longer for me to receive them.

At my last exam (October 2003), I was given a copy of my prescription by my eye doctor.

Thank you!  
Mike Miller
