Dear Federal Trade Comission,

I support the new Contact Lens Law. It is important to myself and other contact lens wears to make it as easy and convenient as possible for us to purchase our lenses from whomever we choose. Every time I check my eyes my doctor gives me a hard time, he takes his time in issuing my perscription. He also charges me more for the exam if I don't buy the contacts from him!!! I don't think that is right. I think every one should be charged the same price regardless if you purchase your lenses from them or not!!

Eyeglass wearers have had a right to copies of their prescriptions for years. Today, it is easy and convenient to buy eyeglasses. As a contact lens wearer, I deserve the same rights, and this new law will give them to me.

Thank you very much,

Nora Mendoza
