**Subject:** New Contact Lens Rule

To whom it may concern,

I would like to express that I do appreciate the new law put into place allowing me to go wherever I chose to buy contacts. The eye Dr.'s are typically very expensive and it is also a matter of choice. I shouldn't HAVE to buy my lenses from the Dr.'s office if I don't chose to.....eye glass wearers have the choice, why shouldn't contact wearers.

I feel, as long as I have an up to date prescription and have have my eyes measured properly, there is no reason why I should be restricted to where I can buy the lenses.

Thank you,

Theresa Sullivan
