Subject: I support the new contact lens law

To whom it may concern:

I am writing to inform you that I do support the new "Contact Lens Law" and do not wish to have my rights as a consumer limited. It is very important to me that it be as easy and convenient as possible for me to purchase lenses from whomever I choose. On several occasions over the years I have received resistance or outright refusal to provide my lens prescriptions to me...they would simply offer to sell me the lenses... at a higher price than elsewhere of course.

Thank you for listening.
