I am glad to see the government is finally doing things to protect the rights of the people and not companies or those looking to make a profit anyway they can. I particularly like:

Your eye doctor cannot charge you for a copy of your prescription. He or she cannot make you sign a waiver. He or she cannot make you buy lenses as a condition of receiving your prescription. You have no obligation to buy your contact lenses from your eye doctor.

Please keep up the great work!

Sincerely,

David W. M. Stendel
