Dear FEDERAL TRADE COMMISSION: I SUPPORT new Contact Lens Law.

Why it is important to me: it needs to be as easy and convenient as possible for me to purchase my lenses from whomever I choose!

My Related personal experiences in attempting to obtain a copy of your prescription from your eye doctor: I travel a lot and do not have the time to stop by the eye Doctors office to pick up contacts. They always want an appointment, long wait times for an assistant, parking, their hours of operation are inconvenient. That's why I enjoy mail order from 800 Contacts!

I do not want my eye doctor to charge for a copy of my prescription! He or she can not make me sign a waiver! He or she can not make me buy lenses as a condition of receiving your prescription. I want no obligation to buy your contact lenses from your eye doctor.
