Subject: Rights I should maintain as a consumer of Contact Lenses

I currently have my eyes examined at one firm and purchase my contact lenses through another company. That is America and Free Enterprise. I am very happy with the situation. I understand that some eye doctors are petitioning you to take those rights away from me. They want the right to refuse to provide me with the results of the eye exam I pay for, so they can overcharge me for the contact lenses. I would prefer you deny them the right to retail contact lenses, than to give in to their request.
