Subject: support the contact lens law

Dear Federal Trade Commission:

It is very important to myself as well as millions of other contact lens wearers that we are able to receive a copy of our prescription for lenses from our doctors. We have paid for the exam and it is up to us whether we choose to purchase our lenses from the doctor or from another source. Taking away the right to have our prescription is unfair!

Thank you for your support in this matter,
Jim Mason
