Federal Trade Commission,

Re: Fairness to Contact Lens Consumers Act of 2003

I understand that some eye doctors are lobbying against this new law. I previously wore eyeglasses for 8 years (since the age of 4) and know that eyeglass wearers have had a right to copies of their prescriptions for years. Today, it is easy and convenient to buy eyeglasses. As a contact lens wearer for the past 11 years, I feel that I deserve the same rights, and this new law will allow me the freedom and convenience to purchase contact lenses from any company that I wish. I support this new law, please do not allow a few people take this right away.

In support,

Jenefer Cervantes
