Dear Federal Trade Commission,

I understand that there has been a new law passed re: Fairness to Contact Lens Wearers Act of 2003. I would like to be recorded as agreeing with this Act. I think we should all have the right to choose where we get our lenses and how timely we get these lenses. They are as important as medical supplies to many of us.

I have had an issue with a Dr in TX not wanting to give me my prescription, nor to give the information to my lens providers of many years, 1 800 Contacts.

I have since chosen to go to a new Dr and will not ever go to this Dr again, but I should not have had to do this, nor should I have to be forced to pay a higher price for my lenses and wait over one week for them either.

Please record me as wanting for the CONSUMER to retain their rights.

Regards,

Nicole Hoover
