Dear FTC,

I have just heard about the newly proposed law stating that you might have to wait several days to get your contact lens prescription mailed to you. WHO came up with such a RIDICULOUS proposal and WHY?? It would be a horrible inconvenience and an injustice to people who have already paid good money to get their new prescription.

Please revise this part of the bill, it is unfair and unnecessary. I do not see what good this proposal would do, it would only serve to make people mad about having to wait longer.

Sincerely,

Kathryn Barker
