I am writing in support of the Fairness to Contact Lens Consumers Act.

I always ask for a copy of my health records and I include my eye care as part of my health. I have had to get second opinions on my prescriptions -- I can't ACCURATELY tell the doctor what my previous prescription was without a copy of my prescription. Many people have been mis-treated by eye doctors. They deserve the right to the information to help them find an eye doctor who prescribes corrections that work.

Please enforce the Fairness to Contact Lens Consumers Act.

Sincerely,  
Elizabeth Gray, MFA  
CA
