**Subject:** contact lens rule

I am writing to inform you I oppose that part of the Fairness to Contact Lens Consumers Act that proposes that consumers could have to wait days for contact lenses. It is important to me and other consumers to have the freedom to obtain contact lenses quickly and easily. Having to wait days for lenses could be a problem for me, especially if circumstances require next day service. I am a very active individual and some of my athletic activities require that I do not wear glasses. It is very important to me that I am able to purchase contact lenses quickly and easily from alternative sources.

Please take this into consideration when determining the outcome of this proposal. Thank You!
