Subject: Oppose ruling

Gentlemen,

I am a hearing impaired senior citizen who relies heavily on using web sites and e-mail. I order my AcuVu contacts on line and within 2-3 days I have received them in my mailbox. In the past I did go thru my Optomotrist but they charged more than 1-800-contacts and also when they came in to their office I had to wait until they called me to say they were in and then I had to get in my car and pick them up. Sometimes this would take 7-10 days depending on how soon they ordered the contacts and how soon the receptionist called me to say they were in.

I oppose the ruling of having to wait several days before my prescription can be filled.

Thank you.
