I support the new Contact Lens Law because it is more convenient for me to take my prescription to where ever I happen to be at the time I need new contacts. We spend 1/2 of our time at 1 home and the other 1/2 at another home and I'm never sure where I will be when I need to order. Thanks for your consideration and don't let the docs lobbying get in your way of this decision-hang tough!! Thanks again for trying.
