Dear Sir:

The last thing we need is more laws or rules to limit our freedoms. It looks to me like a good lobbyist has gotten ahold of someone and is trying to keep the local eye doctors from being competitive. They charge enough for the exams to cover their expenses, maybe not their million-dollar lake front homes here in Columbia, but certainly enough to live well. I cannot afford to pay the cost locally for contacts when I can obtain them via mail for about half the cost. I have been wearing contacts for over 20 years and have never had BETTER service than now. Please don't let an uninformed politician mess things up for us hard-working Americans trying to make a living.

Thank you very much,

Rick Brant
