**Subject:** Contact Lens Consumers Act

To whom it may concern,

I support the Fairness to Contact Lens Consumers Act of 2003. I believe it is every consumer's right to obtain their prescriptions/medical records and to be able to choose who they purchase their contact lenses from. Everyone should have the right to prompt and safe service of medical supplies. Also it would be unfair if only doctor's office could supply lenses. Monopolizing the business of medical products is unethical. Patients must have rights.

Thank you for listening,  
Jennifer Hine
