Subject: contact lens law

I support the law which gives me the right to my contact lens prescription. It costs me enough money to have my eyes checked and I would like it to be easy and convenient for me to be able to buy my contact lenses. I also want the right to choose whom I buy them from. By supporting the law which gives me the right to my prescription I can purchase my contacts a a much lower cost and receive them fast and at my door. I live 25 miles from my eye Dr. and buying my contacts over the Internet is a better option for me.

Thank You.
