Subject: Contact Lens Law

Dear Sirs,

At the age of 62 I have worn contact lenses for about 4 years. Because we are on a limited budget I need to find sources from which to buy my contacts that are the most affordable.

Please count me in on the strong support for the new the Contact Lens Law. I need to be able to have my prescriptions as they change strength so I choose to buy lenses from other than the doctor who has examined me, that I am entitled to do so.

Thank you.

P. Hawker
