To Whom This May Concern:

My rights as a consumer should provide me with the freedom to purchase my contacts from the source I choose! My contact lens purchase is based on convenience and cost - that is exactly why I do not purchase lens from my eye doctor! More money and another trip to pick the contacts up! Who has time for this???

Don't limit our options as consumers- competition is good for everyone- especially businesses!

I support the new contact lens law to protect my rights to choose where I desire to purchase my lens- that's my constitutional right!

Please feel free to contact me at the numbers listed below if you have any questions concerning my remarks.

Thank you.
