Ladies and Gentlemen:

I am writing to request that you provide me as a contact lens wearer, and many other Americans, the same right that eyeglass wearers have. The right to a copy of my contact lens prescription.

While I regularly visit an eye doctor, I buy my contacts through the internet. It has saved my hundreds if not thousands of dollars. I used to purchase my contacts through my doctor, and it cost several times the price that I can buy the same contacts through the internet. Please do NOT let the eye doctor lobby be successful in blocking the right of contact lens wearers to get a copy of their prescription. It would restrict free market activity.

Thank you.
Sincerely,
Keith Urtel
