To Whom It May Concern:

I am writing to inform you of my support for the new Contact Lens Law. I have worn contact lenses now for almost 20 years. When I first started wearing contacts, I had to purchase them from my eyecare professional. I had no choice in the matter. Even just a few years ago, it was very difficult for me to have the doctor that conducted my eye exam give me a copy of the prescription.

I understand that there are doctors now lobbying the FTC to make it inconvenient for me to get my prescription. Please do not allow this to happen. The benefits I have achieved by being allowed a copy of my prescription are tremendous. Not only have I saved money, but I have the choice of suppliers, instead of that being dictated by my doctor.

Thank you for allowing me to state my opinion. I hope you will continue to allow consumers the choice in this very important decision.

Sincerely,

Joe Globensky
