I support the new Contact Lens Law. It is important to me that it be as easy and convenient as possible for me to purchase my lenses from whomever I choose. I have had to leave an eye doctor because he would not give me my prescription and expected me to purchase my lenses from him. This is not right - I paid for this service so the prescription and my files should be my property. Please support the continuation of this Fairness to Contact Lens Consumer Act of 2003.

P.S. This Consumer Act should also apply to dentists and doctors who refuse to hand over your files or who make you sign a waiver. Again, this should be illegal. We pay for all these services, thus, these files are our property.

Thank you,
