Subject: Contact Lens Law to give me rights to prescription

Sirs:

Please be advised that I would like my prescription released to me for me to choose where to buy my lenses. Many doctors insist that you buy from them at very expensive costs. Eye care alone is very pricy and usually you must purchase eyeglasses and contact lens plus have a yearly check up. I have had two unpleasant experiences in El Paso trying to buy from other sources and been treated poorly by doctors who act offended and treat you badly up front if you ask.

Thanking you, Colleen Burns
