Subject: Contact Lens Ruling

I encourage you to NOT change the Fairness to Contact Lens Consumers Act of 2003.

Since the Act was passed my local eye doctor has made his rates for contact lens competitive with the large mail order groups like 1-800-Contact.

If you restrict the consumers ability to find the best rate it will raise the prices of contacts back to their higher levels of the past.

Congress final passed a consumer friendly piece of legislation, lets not change it.
