Subject: Contact lense waiting period

To whom it may concern:

I am opposed to the part of the new legislation that would allow the FTC the right to add days to my monthly orders for contact lenses. As a consumer, I demand the right to not only receive my prescription, free of charge from my eye doctor, but to also receive my contact lenses as quickly and efficiently as I am presently accustomed.

If you have any questions regarding these rights, please feel free to contact my Senator. His name is John McCain.
