Subject: Contact Lens Purchases

I have to tell you about a situation with my son's eye doctor. He went for his annual exam last year. He then asked my son where he gets his lens'.

When he told him "I get my lens' from 800-contacts, he told him to get another doctor" with an attitude. This is no way to treat a patient. Hopefully,

the new law for his right to obtain his prescription will pass. Thank you.
