Subject: Contact Lens Rule

To whom it may concern:

I am writing in support of the Contact Lens Rule which allows me to receive my contact lens prescription from my optometrist.

I enjoy the convenience of being able to purchase my contact lenses when I need them and from whom I wish to buy them from.

My optometrist has always provided me with my contact lens prescription. When I showed him the prices of other contact lens providers, he gave me my prescription because he told me he couldn't come close to those prices.

I am lucky to have a doctor who appreciates the patient's ability to save some money. It is a travesty that other doctors still force their patients to purchase their contact lenses through the doctor's office at much inflated prices.

Please keep the Contact Lens Rule in place so that all consumers of contact lenses can get the best deal available.
