Gentlemen: My wife & I strongly  
support the new Contact Lens Law.  
Here in Georgia we have been given  
the run-around-a violation of  
Federal law by our eye  
doctor. Also eye glasses/lens  
shouldn't be sold by the eye doctor.  
It is a conflict of interest and  
not an arms length transaction!!

I believe the physician should provide each patient with a copy of the prescription. When you order contacts through it takes longer and cost's more. The patient should be able to order from whom ever they choose.

All four members of my family wear contact lenses. We find it very convenient and less expensive to order our contacts by mail. It is important to us that our eye doctor provide us with our prescription.

I am writing regarding your allowing contact lens prescriptions to be portable. Please support the law which gives contact lens wearers the right to get their prescriptions from their doctors. As a contact lens wearer, I want the right to be able to get my contacts where I want to get them. Contact lenses are more expensive through my eye doctor, and I believe I should have the right to get contact lenses through discount companies like 1-800-CONTACTS. My most recent visit to my eye doctor was very frustrating. I was pressured to buy contacts from the eye doctor, and was told for the first time in many years, that I had to pay a \$100 "fitting fee" for my contacts. I was told this only after I mentioned that I bought my contacts elsewhere.

gives me <sup>the</sup> right to get my  
contact lens prescription. It is  
only fair that I can purchase lenses  
at the store of my choice, so  
I can save money in doing so

I SUPPORT THE LAW THAT GIVES ME  
THE RIGHT TO MY CONTACT LENS  
PRESCRIPTION. WHY SHOULD CONTACTS  
BE ANY DIFFERENT THEN GETTING  
BLOOD PRESSURE MEDICATION? MY  
PHYSICIAN NEVER TRIES TO SELL ME  
DRUGS!

Peculiar Trade Commission -

I am writing to express my support for the law that allows me the right to my contact lens prescription. My husband is a Marine and we have been stationed in Japan for 3 years. Our base is very small and without many amenities. I would have been in dire straits if I had not been allowed to order my lenses on line when I needed them. The freedom to choose where I buy my lenses is paramount to me. The military did not have access to the brand I had been using for the past five years and I did not want to change.

Thank you for your time.

HELLO,

IT IS VERY IMPORTANT TO ME THAT I AM ABLE TO SHOP, WHEREVER, AND CHOOSE FROM ANY RETAILER WHEN PURCHASING MY CONTACTS. I SUPPORT THE NEW CONTACT LENS LAW. THIS LAW WILL PROVIDE AN EASINESS AND CONVENIENCE.

I WANT THE SAME RIGHTS AS  
EYE GLASS WEARERS. THANK YOU,

To the Federal Trade Commission:

I support the Contact Lens Consumers Act of 2003 and the right to obtain my prescription for contact lenses. It is much easier & less expensive to buy them from companies other than the eye doctor.

Thank you for your consideration,

Gabrielle B. Filion

Dear Sir -

March 24, 2004

I strongly support the law  
which gives me the right to buying  
my contact lenses from a Vendor  
rather than my ophthalmologist. I  
want a choice not a policy that  
takes away my right. Thanks

I support the law that allows me to have my contact prescriptions. I've paid for the exam, I should have the choice to buy my contacts where I want. Paying for the exam is separate from buying the contacts & they should not keep my prescriptions from me. I have not been able to buy additional contacts when I've run out because they would not give me my prescriptions.

I support the FFC Law that allows  
me to receive my eye prescription  
from my eye doctor.

I am able to purchase my lenses  
at a much reduced rate & since  
this cost is not covered by  
insurance the savings is  
significant.      Regards, Vickie

This is to inform you that I absolutely support the Fairness to Contact Lens (Wearers) Consumers Act of 2003, which gives me the right to my contact lens prescription. I have not had any problem in the past and hope to keep it as is. Being able to purchase and have my lenses delivered to me is extremely helpful.

Thank you,
